

LABELS & CO.

BARTSCH INTERNATIONAL – IMPRESSIVELY INNOVATIVE SINCE 1954.

We will continue to abide by this guiding principle also in future. We manufacture, develop and advise successfully in the field of labels and continuous printing, and assist our clients in matters of specialty printing requirements and services. Motivation and experience are the incentive to always offer the best to our customers.

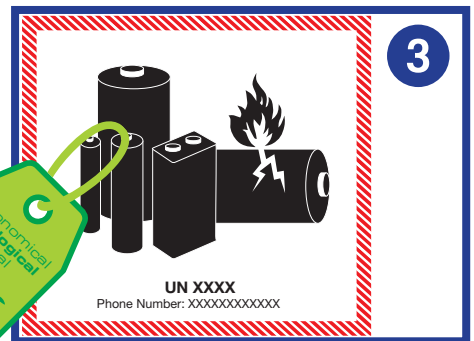

Logistics labels

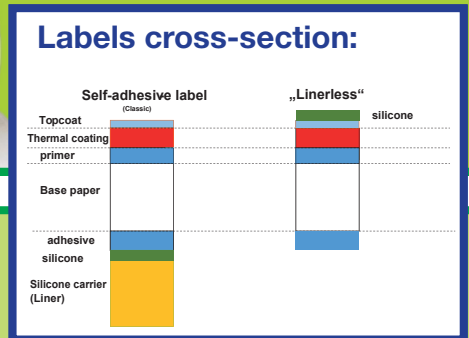

Our speciality is labels for the most diverse requirements in shipping and logistics. Of course, we also produce individual, tailor-made solutions for our customers.

Green labels = especially friendly to the ENVIRONMENT

PRODUCT EXAMPLES

- 1 Classic labels in large print runs
- 2 Logistics labels, numbered
- 3 Various dangerous goods labels with or without coding
- 4 Cut-and-stack labels (as per customer requirements)

Linerless labels

LinerLess is a label without substrates and thus particularly compatible with the environment. In line with our spirit of sustainability.

Ecological. Economical. Ideal.

PRODUCT ADVANTAGES

- **Ecological:** no substrate waste; material savings, as there is no spacing between labels; lower transport weight and CO2 emissions
- **Economical:** no disposal fees for substrate waste; more labels per roll; fewer roll changes; transport cost savings
- **Technical:** less roll changes in production; no liner web breaks; variable length of labels

Delivery portfolio

Our „Logistics Labels and Shipping Competence“ division is just one component of the entire products and supply portfolio. We also have IATA Strategic Partner certification for stringent safety requirements.

PRODUCT EXAMPLES

- Shipping and invoice forms
- Back bonding
- Adhesive backing Eco Labels
- A4 logo printing
- Logistics service
- On-call deliveries
- Warehouse storage
- **Recycling Filling Paper**
