BARTSCH® International

Your competent supplier for Airline-Equipment

Factory Wechmar

IMPRESSIVELY INNOVATIVE SINCE 1954

As a family business now managed by the third generation, BARTSCH International represents expertise, innovation and reliability. Excellent results and worldwide customer satisfaction are part of our core values.

In choosing BARTSCH International, you can be assured of high quality and service from a responsible organisation that has been offering product advice, data management and services to its customers for over 65 years.

BARTSCH's National and International success over the last 60 years has been totally customer driven. Presenting new ideas, innovations, improvements and products has allowed us to develop close and fruitful relationships with our clients. Our objective is always be available to discuss your needs and requirements.

Whether it is the baggage tag on your suitcase, your airline boarding pass, your train ticket or the train conductor's multi-part receipt book –

the chances of encountering one of BARTSCH's products are very high.

We manufacture specialised products respecting the agreed industry and security guidelines, including anti-copying & UV ink protection, which are required by our customers.

- Are your documents magstriped?
- Should RFID technology be used?
- Are you looking for a suitable advertiser to print on the back of your documents?

Contact us!

We will make it happen.
